Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. We offer programmes which value diversity, offer equal opportunities and create an inclusive mindset and strive to build a community that does not discriminate. We are a Volunteer's Collective that believes in do-able action for social change through conversations.

2 Basis of preparation of Financial Statements

i. The financial statements have been prepared to comply in all material respects with applicable accounting principles

ii The Company follows mercantile system of accounting and recognizes income and expenditure on an accrual basis except those with significant uncertainties.

iii Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in India requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent liabilities as of the date of financial statements and the reported amounts of revenue and expenses during the reporting period. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future period.

iv Current- non-current classification

All assets and liabilities are classified into current and non current.

Cycle.

(b) It is held primarily for the purpose of being traded;

(c) It is expected to be realised within 12 months after the reporting date; or

vi. The previous year's figures have been regrouped or rearranged wherever necessary to make them comparable with the current year's figures
